

Jordan Klein Profiled in *The Secured Lender*

SEPTEMBER 2018

Jordan Klein, who was recognized as a Commercial Finance Association “40 Under 40” honoree for legal services in 2016, talks to *The Secured Lender* about the impact this honor has had on his career.

Jordan explains that receiving the honor for the inaugural class served as a bridge from what he was then, to where he is now. A year after being named to CFA’s “40 Under 40,” he became a founding partner of Winston’s Dallas office and has significantly grown his practice.

“I’d like to think that the recognition and the notoriety attributable to receiving the 40 Under 40 Award helped Winston & Strawn look at me...,” he says. He also explains that receiving the award provided him with additional confidence to go outside of his comfort zone and make a professional move.

Jordan also provides advice to young professionals looking to build their recognition in the industry, as well as his involvement with CFA, Dallas charities, and his pro bono work.
