

John Hollyoak

Chief Information Security Officer
Information Risk Management

Chicago
+1 312-558-6171

John is a strategic information security leader responsible for building and maturing the firm's global cybersecurity, information governance, and data protection programs to safeguard the data entrusted to us by our clients.

John is a forward-leaning and naturally curious technologist at heart, who is adept at listening and collaborating to drive organizational change in alignment with business needs. John is a member of the firm's Information Risk Committee.

Prior to joining Winston, John spent a decade delivering information security and data privacy consulting services to clients of all sizes and industry verticals.
