

The SEC's Spotlight on Digital Assets

JUNE 11, 2024, 12:00 P.M. – 1:00 P.M. CT

Digital assets are transforming the financial services sector, and recent developments have increased the SEC's activity in the space. Many investors are left with questions, such as:

- What is the SEC's approach to regulating digital assets?
- Does the SEC have jurisdiction over me if I am outside the United States?
- What do I need to do to avoid (and prepare for) SEC inquiries?
- What happens if the SEC calls?

Winston hosted a recent webinar that provided thoughtful insights and guidance on navigating the complexities of SEC regulations in the digital-assets space along with best practices for handling SEC inquiries, including compliance measures and legal strategies.
