

Winston Represented MCE Holdings in its Acquisition of General Machinery

MAY 3, 2024

Winston represented Motion & Control Enterprises (MCE), a Frontenac portfolio company, in its acquisition of General Machinery Company, a distributor of automation & electrical products, process pumps, air compressors, and related repair services. This acquisition will grant General Machinery Company access to an even wider range of cutting-edge products and technologies, enabling the company to better meet the diverse and evolving needs of OEMs and industrial clients alike.
