Winston & Strawn Sponsors 2024 Retail Law Conference

OCTOBER 9, 2024 - OCTOBER 11, 2024

Winston & Strawn is proud to sponsor the 2024 Retail Law Conference held in Chicago, Illinois, from October 9–11, 2024. The conference is designed to address the new opportunities and risks retail legal counsel face and ways to provide dynamic counsel to the c-suite to accelerate business.

As antitrust takes a spotlight for retailers in 2024 with multiple challenges to retail mergers, new pre-merger reporting requirements, a ban on worker non-competes, and an aggressive FTC dusting off price-discrimination enforcement under the Robinson-Patman Act, Winston partners Dana Cook-Milligan and Kevin Goldstein will lead a breakout discussion that will unpack the most important antitrust issues impacting retail counsel today and beyond the next presidential election.

Among other discussions, other topics will include:

- Implications for retailers following the 2024 election
- Anticipating and managing crises
- Nation-state cyber threats
- Navigating challenges with corporate boards
- AI in Customer Service
