

Winston & Strawn Adds Joshua Hafenbrack as a Partner in Washington, D.C.

DECEMBER 12, 2024

Washington, D.C. – December 12, 2024 – Winston & Strawn LLP announced today the addition of Joshua (“Josh”) Hafenbrack as a partner in the Washington, D.C. office. Josh joins the firm as a partner in the Litigation Department with a focus in antitrust matters.

Josh represents both plaintiffs and defendants in complex civil litigation and antitrust matters. A recent senior litigation counsel at the U.S. Department of Justice’s Antitrust Division, Josh brings significant experience litigating antitrust cases and representing clients in a wide variety of industries, including technology, media, and telecommunications.

“I am excited to join Winston’s commercial litigation and antitrust teams as the firm continues to expand these practices in key markets, especially Washington, D.C.,” said Josh. “The firm has a well-earned reputation for handling high-stakes litigation and antitrust cases, and I look forward to working with my new colleagues across the firm.”

At the DOJ, Josh was a member of the DOJ’s trial team in a high-profile search monopolization case. He also helped lead merger and monopolization investigations in a variety of other industries.

“We are delighted to welcome Josh to Winston,” said David Rogers, Washington, D.C. office managing partner. “As a first-chair antitrust litigator, Josh’s track record in both private practice and government service makes him exceptionally well-suited to serve our clients. The addition of Josh further strengthens our national antitrust practice and supports the firm’s continued growth in the Washington, D.C. metropolitan area.”

“Josh’s recent work at the DOJ includes leading roles in major antitrust cases where he demonstrated expertise in high-stakes litigation and gained unique insights into the regulatory landscape,” said Litigation Department Co-Chairs Tom Melsheimer and Linda Coberly. “This blend of trial experience and government service positions him as a powerful advocate for our clients facing complex regulatory challenges.”
