

Winston Hosts Industrial Research Technology Institute's Multi-Discipline Management of Technology Training Program

APRIL 21, 2014 - SEPTEMBER 25, 2015

Winston & Strawn hosted the Industrial Research Technology Institute's (ITRI) Multi-Discipline Management of Technology (MMOT) Intellectual Property training program in our Washington, D.C. office on April 21-25, 2014. The program was sponsored by Cornerstone IP Foundation of Taiwan with the support of the Ministry of Economic Affairs (MOEA) of Taiwan. The program entails initial training in Taiwan followed by intensive training in the United States covering the law and policy of intellectual property, the practices of technology transfer, and other business and marketing issues concerning technology management.

Winston & Strawn attorney Chuck Klein presented "Litigation in the Pharmaceutical Industry: An Introduction to ANDA Cases" at the seminar.
